

Authorized Representative Delegation Form

An Authorized Representative is either a signing authority for their organization or an individual identified as being the organization's contact with respect to Legal Agreements and pursuant communications. The Authorized Representative communicates their organization's decisions regarding the implementation and operation of identity and access management processes, including:

- Approving the Registration Model
- Acting as a Sponsor and/or identifying Sponsors
- Acting as a Local Registration Authority (LRA) and or nominating LRA(s)
- Overseeing identity and access management processes while ensuring Policy compliance

Should the Authorized Representative wish to delegate this responsibility to another individual within their organization, they must complete and submit this form to ONEIDBusinessSupport@ontariohealth.ca.
