ONE Mail Partnered

For Large Organizations

ONE Mail Partnered is an email routing service with security and encryption for large organizations with an existing email infrastructure. To ensure your emails are transmitted securely to the intended recipients, ONE Mail Partnered leverages our secure infrastructure and managed private network, rather than using the public internet.

Benefits

- ✔ No Cost – free to Ontario health care providers
- ✔ Integrate your existing email environment with our secure infrastructure to add an extra layer of security and protection services
- ✔ Includes public key infrastructure certificates
- ✔ 99% up-time and reliable 24/7 support
- ✔ Supports delivery of email to organizations with multiple mail gateways
