Q1 XXXX/XX	Date when lab started contributing to OLIS
IP	Modality is in progress
N/A	Lab does not have this modality
	New connection made since March 31,2018

Please note, the following is a list of tests results that may not appear in OLIS:

- o Tests performed for purposes other than the direct provision of care to a patient, including without limitation pre-employment and other employment related testing and clinical trials testing
- o Referral outs
- o Referral ins
- o Partial test results
- o Tests not performed by lab (e.g.: broken test tubes)
- o Expired health cards
- o Out of province patients
- o Out of province practitioners
- o Hospital orders in
 - o Pilot Sites – For example, reports from long term care facilities; hospitals without an on-site lab that refer their patients to an external lab and do not send these results directly to OLIS from the hospital.
 - o Tests on non-insured patients where the necessary Ontario patient identification information is unavailable
 - o Non-insured tests where the necessary Ontario patient identification information is unavailable
 - o Non-insured patients where the necessary Ontario patient identification information is unavailable
 - o Out of province patients where the necessary Ontario patient identification information is unavailable
 - o Tests performed for purposes other than the direct provision of care to a patient, including without limitation pre-employment and other employment related testing and clinical trials testing
- o Orders from hospitals

***The following is a list of tests that are NOT reported into OLIS by Public Health Ontario:**

- Antibiotic susceptibilities (*partial exclusion*)
- Ebola virus
- Human T-lymphotropic virus (HTLV-1) (*partial exclusion*)
- Public Health Ontario reports chemistry, hematology and microbiology (which includes bacteriology, mycology, parasitology, serology and virology)
